

Barcode Scanner : LS210UH

Reliable and Advanced

Handheld Barcode Scanner – USB Interface

- *Scan at a rate of 150 scans per second*
- *Can read 2.5 to 600mm(100%UPC/EAN)*
- *Comes with USB,RS232 and Keyboard wedge*
- *Scan type Bi-directional*
- *Resolution ≥ 3 mil*
- *1.5m drop on concrete surface*
- *High performance 1D laser scanner. Accurate first time scanning*
- *Plug and Play; Universal cable; single cable connects to any computing environment*

Barcode Scanner : LS210UH

Technical Specification

Scan mode	Automatic / Handheld
Alarm mode	LED light alarm, Buzzer alarm
Read rate	150 scans/sec
Resolution	4mil
Scan Depth	0-500mm
Print contrast	Above 30% black
Barcode type	UPC/EAN, UPC/EAN with Supplemental, UCC/EAN 128, Code 39, Code 39 Full ASCII, Trioptic Code 39, Code 128, Code 128 Full ASCII, Codabar, Interleaved 2 of 5, Discrete 2 of 5, Code 93, MSI, Code 11, RSS variants, Chinese 2 of 5, MSI/Plessey, UK/Plessey, UCC/EAN
Voltage	DC 5V±5%
Operating current	50mA, 30mA(Standby), 100mA(PK to PK)
Interfaces	PS/2, USB, RS232
Light	650nm visible laser diode
Safety	EN60825-1, class 2 laser product, FCC class B and CE
ESD protect	15KV
Electric Safety	En55022: 2006+A1: 2007 En55024: 1998+A1: 2001+A2: 2003
Operating temperature	-20°C ~ 60°C
Storage temperature	30°C ~ 90°C
Humidity	5% ~ 95% RH
IP degree	IP54
Light levels	Can resistive the interference of lamp –light and sun-shining
Drop	Designed to withstand 1m drops
Weight	183 g
